Quality & Standards

Midland Scientific provides high quality products that meet or exceed all industry and competitor standards.

Meets ANSI/BIFMA standards as verified by an   independent testing lab

ANSI/ESD ST12.1-2006 Static Resistance Standards

Clean Room Seating starting at Class 10 (ISO Class4)
Clean Room Standards

Warranty 15 years and Life Time on Pneumatic Lifts

Our research chairs feature the latest advancements in laboratory ergonomics, such as contoured waterfall cushions and 6-way armrests, for improved posture and blood circulation.

Ergonomic industrial chairs are built using heavy duty materials designed to withstand the unique requirements of welders, machine shops, and other industrial environments.

Our Controlled Environment seating is manufactured to help laboratories and production facilities to be maintained virtually free of contaminates such as dust or bacteria.

Medical chairs feature antimicrobial/antibacterial vinyl, advanced ergonomics, and comfortable industrial foam cushioning designed specifically for health-care professionals.

Our modern office chairs are suitable for institutional, educational, retail, computer, and home office environments.
